NOTICE

Sub: - Awareness Session Camp on Solid Waste Management

Residents of DX Block are hereby informed that an Awareness Session Camp on Solid Waste Management is being organized by the Management Committee, in association with Saahas, on the following schedule:

- Date/Day:- **Sunday, 07.09.2025**
- Venue:- **Morni Hall**
- Time:- **12:00 Noon**

This program is part of a block-wise awareness initiative for all residents, being conducted in line with the MCG guidelines under the Solid Waste Management Rules, 2016. Saahas is supporting us in creating a sustainable solid waste management system within our society.

The key focus will be on 3-way source segregation, which all residents must follow:

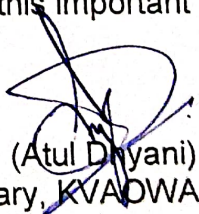

- **Wet Waste (Green Bin):** Kitchen waste, vegetables, fruits, leftover food, garden waste.
- **Dry Waste (Blue Bin):** Plastics, paper, glass, metal, packaging materials.
- **Domestic Hazardous Waste (Red Bin):** Sanitary waste, diapers, expired medicines, bulbs, batteries, e-waste.

Program Activities will include:

- Awareness sessions on importance of segregation at source.
- Training for housekeeping and collection staff.
- Posters, messages, and door-to-door campaigns for residents.
- Guidance on providing suitable bins and streamlining collection.
- Ensuring waste is sent to the right processing channels (not burnt/dumped).
- Monitoring compliance and addressing defaulters as per SWM Rules.

Your active participation and cooperation is vital to make our community cleaner, greener, and compliant with MCG guidelines.

We request all residents of DX Block to attend the session and support this important initiative.

(Atul Dhyani)
Secretary, KVAOWA
