## NOTICE

### **Subject: Formation of Committee to Review and Recommend Improvements in Society's Water Pump Infrastructure**

This is to inform all residents that a dedicated committee has been constituted to evaluate the current condition and performance of all water pumps and related infrastructure within the society. The aim of this initiative is to ensure uninterrupted water supply and to proactively address any potential issues that may arise in the future.

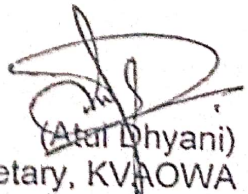

The committee shall comprise the following members:

1. Mr. Sanjeev Rai
2. Mr. H. S. Rajput
3. Mr. Jarnail Singh Saini
4. Mr. Chintan Shah

### **Scope and Mandate of the Committee:**

- To undertake a comprehensive review of all water pump stations in the society.
- To evaluate the present condition, efficiency, and capacity of existing pumps.
- To consult with technical engineers from relevant companies wherever possible for a professional assessment.
- To identify and recommend any necessary replacements or upgrades to outdated or underperforming systems.
- To suggest long-term measures and improvements for efficient water supply and sustainable management of the pumping infrastructure.

The committee is expected to submit its findings and recommendations which will be presented to the Executive Committee for further action.
