

No. KVAOWA/GGN/2025/331247

Dated: 18th July, 2025

NOTICE

Sub: - Fogging Schedule

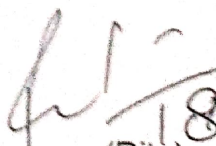

The management has decided to implement preventive measures to control mosquito breeding. As part of this initiative, fumigation and larvicide treatments will be carried out according to the schedule outlined below. These measures aim to ensure a healthier and safer environment for the residents.

Fogging will take place as per the schedule below. All residents are requested to keep their doors and windows open while the machine is passing near your flats. Afterward, please close them for 15 minutes and avoid staying inside the flat during this time. You may enter the flat after 15 minutes and switch on your fans.
